Columbia, S.C. 29201

Dear Dr. Wheeler,

The S.C. Medical Association Auxiliary enthusiastically supports the S.C. DHEC and the American Cancer Society in its efforts to obtain grant funds to reduce tobacco use in this state.

Since tobacco use is the leading cause of death and disability in the nation, and S.C. is one of the leading producers of tobacco in the nation, we believe it would be most appropriate to concentrate tobacco use reduction efforts in our state.

The S.C. Medical Association Auxiliary will be happy to continue its representation and input in the S.C. Coalition to Prevent Tobacco Use. We will also support and promote Project Assist in our county and local auxiliaries.

Sincerely,

Betsy Terry
